SKILLS & INTERESTS

- **Technical Skills:** Python, Machine Learning, OpenSpec, C, SQL, Bash Scripting, Java, HTML, CSS
- **Soft Skills:** Problem Solving, Time Management, Leadership, Communication, Team Work
- **Interests:** Machine Learning, Deep Learning, Spec-Driven Development

EDUCATION

- **Indian Institute of Technology, Madras** **8.22 | 2027**
IITM, BS in Data Science and Applications
- **Govt. Model Engineering College** **8.73 | 2027**
KTU, B.Tech in Computer Science Engineering
- **Loyola School Sreekariyam Trivandrum** **93.8% | 2023**
CBSE, 12th
- **The Oxford School Kallattumuku Manacaud Trivandrum** **95.3% | 2021**
CBSE, 10th

PROJECTS

- **Comment Category Prediction** **Team Size: 1**
Programmer
Technologies Used: Python, Scikit-learn, NumPy, Pandas, Matplotlib
Built ML models using a large dataset of user-generated comments as part of the IIT Madras BS Diploma program, achieved an F1 score of 0.81+ through testing and evaluation, and successfully presented and defended the project before industry professionals during two evaluation rounds.
- **StockMaster** **Team Size: 3**
Team Lead
Technologies Used: PyTorch, Scikit-learn, Pandas, Matplotlib
Led a KTU mini-project with a collaborative approach to build a Deep Learning-based stock prediction system, researched existing approaches, solved technical challenges, evaluated the model's performance, and successfully delivered the project and reports on time.
- **QuickPark** **Team Size: 1**
Programmer
Technologies Used: Python(Flask), Vue.js, Redis, Celery, MailHog
Built a full-stack parking management web application as part of the IIT Madras BS Diploma program, independently delivered the project, and successfully presented and defended it before industry professionals during two evaluation rounds.
- **Quiz Master** **Team Size: 4**
Team Lead
Technologies Used: Python (Flask), SQLite, HTML (jinja2 templating), CSS
Led a team to build a full-stack quiz management web application as part of a KTU Database Management System course, designed and implemented the database, and successfully explained the system design and architecture during the project viva.

COURSES AND CERTIFICATIONS

- Received course completion certificate for **Diploma in Programming** from **IIT Madras** with **CGPA 7.52**.
- Received course completion certificate for **Foundation in Programming and Data Science** from **IIT Madras** with **CGPA 8.88**.
- Earned course completion certificate for **Introduction to Cloud Computing** from **Simplilearn**.
- Received certification in **SQL (Intermediate)** from **HackerRank**.
- Earned certification in **Problem Solving (Basic)** from **HackerRank**.
- Certified in **Python (Basic)** from **HackerRank**.

ACHIEVEMENTS AND ACTIVITIES

- Awarded the **RFUG Scholarship**, after successfully clearing a **national-level aptitude test**
- Selected as an **HSBC Scholarship Recipient**, recognized for commitment to professional development.
- Selected as an **Extern** at **InApp** through the **LOBA Explore initiative**, gaining exposure to software development workflows, client interactions, and professional communication.
- Deployed my **Art Portfolio Website** using **Vercel (Hobby Project)**
- Gained hands-on exposure to **Git & GitHub** through a workshop conducted by **IIT Madras**.
- Participated in **Build your own Text Compressor (Huffman Coding)** workshop conducted by **IIT Madras**.
- Experimented with **Google Cloud Tools** creating bins and sending data during **GCP workshop** conducted by **IIT Madras**.
- Familiarised with automated web-testing tool **Playwright** during **Testing and Automation of WebApps workshop** conducted by **IIT Madras**
- Created my own web applications using **OpenSpec** during **Spec-Driven Development workshop** conducted by **IIT Madras**
- Participated in a **Word2Vec workshop** conducted by **IIT Madras** to help strengthen my understanding of how computers understand words and semantic relationships
- **Hobbies:** Drawing, Speed typing
